

OSC 02NC101/102 Micro Motors

<Introduction>

OSC 02NC101

The High Performance variable speed micro motor controller gives you all that you are looking in a micro motor. Very Economically priced with 1 Year warranty, there is nothing beyond to look for pricing and Quality of the product.

All features incorporated as per dental standards and needs.

OSC 02NC102

The high performance and high precision, digitally controlled variable speed micro motor controller from Mayborn Electronics – M700 is best known for its precise control over motor speeds under all load variations. It is versatile and reliable for majority of available motors. Economically priced with 1 year warranty gives a doctor all the benefits he needs.

<Applications>

-Grinding, Polishing, Milling of precious metals Ceramics Acrylics and Steel

<Specifications>

Model	OSC 02NC 101	OSC 02NC 102
Max Speed	Up to 35000 R.P.M. Variable speed	
Operation	Hand/Foot Operation	
Switch	Forward / Reverse switch	

*R.P.M. indicates approximate speed, subject to change without prior notice

OSC 02NC103 Water Booster

<Introduction>

- The constant pressure to an Ultrasonic Scaler is a must for efficient and heat free operation. The Water Booster does it all for you.

The pressure gauge provided on the panel indicates the bottle pressure and the pressure is adjustable. Any standard 1.5 Ltr Cola PET Bottle can be used. The ON / OFF Switch provided on the panel releases the pressure as and when. Installing the booster is very simple. Simply connect the Booster to the compressor air outlet with the help of a Tee. The scaler can then be connected to Booster outlet

<Features>

- Pressure Indicator Gauge.
- ON / OFF switch on the panel
- Any 1.5 Ltr. PET / COLA Bottle can be used.
- One input two outputs through "Tee".

<Specifications>

Model	OSC 02NC 103
Input pressure	Up to 50 PSI
Output pressure	10 to 15 PSI
Dimension	Approx. 110x100x80 mm
Weight	Approx. 500g
