

## OSC 997ST023-030 Funnels and Cups

<The individual parts available for vacuum filtration>

### Stainless Steel Funnel

-All are made of Stainless steel #316

**OSC 997ST 023A:** Capacity 100ml, used for various kinds of filtration glass set.

**OSC 997ST 023B:** Capacity 300ml, used for 2000ml(or above) filtration glass set.

**OSC 997ST 023C:** Capacity 500ml, used for 2000ml(or above) filtration glass set.

### Glass Funnel

**OSC 997ST 024:** 300ml glass funnel with clamp. Used for OSC997ST013C filtration glass set.

### Stainless Steel Cup

-All are made of Stainless steel #316

-Used for OSC997ST022E/F stainless steel manifold.

**OSC 997ST 025A:** Capacity 100ml

**OSC 997ST 025B:** Capacity 300ml

**OSC 997ST 025C:** Capacity 500ml

### Cover

**OSC 997ST 026A:** Stainless steel cover for 100ml cup and funnel

**OSC 997ST 026B:** Stainless steel cover for 300ml cup and funnel

**OSC 997ST 026C:** Stainless steel cover for 500ml cup and funnel

### Suctionware

**OSC 997ST 027:** Waste water bottle, 3 liter capacity, Polycarbonate construction, autoclavable(121 °C), with built-in float stopper to keep water from overflowing into the pump.

**OSC 997ST 028:** Suction bottle with draining and silicon stopper, 1000 ml capacity, modified with PYREX flask.

**OSC 997ST 029:** Suction bottle with draining and silicon stopper, 2000 ml capacity, modified with PYREX flask.

**OSC 997ST 030:** Suction bottle holding base, for OSC 997ST 028 only.
